## Quiet Flow Multi Exhaust Kit

Code: 8153

expella™  
**VENTILATION**  
SERIES

exclusive to Newtech

The Quiet Flow Multi Exhaust Kit by Expella contains all of the components needed for a high performance multi-point line ventilation system including a powerful and acoustically lined inline fan. Combine this kit with your preferred internal ceiling grilles to create a complete ventilation system.

### Warranty

- 2 years

### Benefits

- An all-in-one ventilation kit that is suitable for multi-point ventilation systems
- Pair this kit with any of the products in Expella's internal ceiling grille range (internal grilles are not included)\*
- Kit contains a high performance, silent inline fan capable of exhausting 840m<sup>3</sup>/hr (free air)
- Fan comes with an external high and low speed switch on the fan
- Fan is fitted with a 3 pin plug making the kit DIY friendly

\* Due to the high air flow rate, multiple internal grilles are required to reduce system pressure and noise.

### Kit Contents

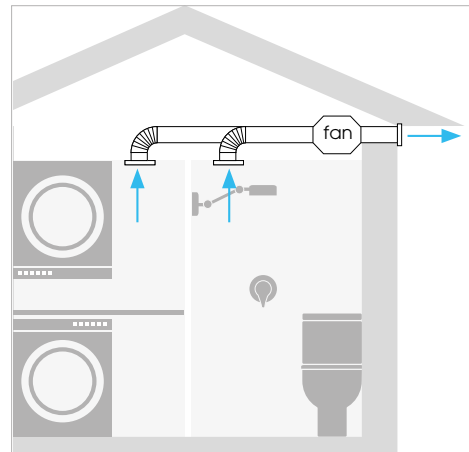

- 1x 200mm silent inline exhaust fan with built in back draft damper
- 1x 6 metre length R0.6 insulated flexible duct
- 1x 8/6/6 branch take off
- 3m x 200mm diameter 3 Zero flexible duct
- 1x 300mm x 300mm weatherproof external aluminium louvre with plenum box and 200mm spigot
- 8m aluminium silver tape
- 8x cable ties

### Manufacturer

expella™

### Applications and Installation

- Suitable for domestic multi-room applications including:
  - Bathroom exhaust
  - Laundry exhaust
  - General kitchen ventilation systems
- Can be installed by a home handyman or industry professional (electrician or air conditioning installer)
