

INFORMATION SHEET

Shadowline Round Diffuser

Code: 8162 (Uninsulated for Ventilation)
8126 (Insulated for Air Conditioning)

The Shadowline Round Diffuser is a discreet, flangeless internal ceiling grille that allows air to be channelled through ventilation or air conditioning systems. The diffuser has a round profile with a primed centre panel that is ready for painting, resulting in a finish that blends seamlessly with the ceiling.

Warranty

- 5 years

Features and Benefits

- Set into ceiling for seamless and discreet look
- Designed for optimal airflow and efficiency
- Primed centre panel ready for painting to provide consistent finish with ceiling
- Acts as a service panel for in ceiling services
- Low profile for restricted ceiling space
- Designed and assembled in Australia

Application Options

- Uninsulated option for inline ventilation systems - 8162
- Insulated option for ducted air conditioning systems - 8126
