

# Newtech Pop Up Wastes

Version: V1

---

## Designated building product: Class 1

---

### Declaration

Newtech Wanganui LTD has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

---

### Product/system

|            |                              |
|------------|------------------------------|
| Name       | Newtech Pop Up Wastes        |
| Identifier | 2180, 2202, 2280, 2187, 2190 |

---

### Description

- Newtech Pop up wastes are manufactured from Brass with either chrome, powder-coated, PVD, or VC finishes (depending on colour and model).
  - 32mm or 40mm with or without overflow wastes (depending on model). For more information visit <https://newtech.co.nz/product/search/?q=wastes>
  - Designed to fit in basins and baths to allow traps to be fitted to comply with AS/NZS3500 plumbing regulations.
- 

### Scope of use

- Newtech Wastes are designed for Residential and commercial applications.
- Newtech Wastes are for internal use only.
- Care must be taken with chemicals and abrasives that may cause damage to the finish of the product. See the Product Care Section of the NZ Assembled Installation & Product Care Manual.

---

## Conditions of use

- Newtech Pop Up Wastes must be installed by a registered plumber.
- Cleaning and maintenance shall be done in accordance with the manufacturer's Warranty/Cleaning instructions.

---

## Relevant building code clauses

B2 Durability – B2.3.1 (b)  
F2 Hazardous building materials – F2.3.1  
G13 Foul water – G13.3.1, G13.3.

---

## Contributions to compliance

- B2 - Newtech Pop Up Wastes have a durability of at least 5 years on the structural function of the waste. The 5 Year warranty does not cover the finish or seal when exposed to harsh abrasives or cleaning chemicals. Refer to the Product Care Section of the NZ Assembled Installation & Product Care Manual.
- F2 -Newtech Pop Up Wastes are safe to handle. There are no requirements for this product to comply with Acceptable Solution F2/AS1, First Edition Amendment 3, 2017.
- G13 - The above products comply with this standard when installed to AS/NZS3500 Plumbing Regulations.

---
